

ADAPTIVE SKILL BUILDING: Provider Agencies and Service Areas

At present, the Department of Health contracts with 4 agencies, in addition to the CDD at UNM, to provide ASB services. These agencies include:

- Bridges, Inc. (www.bridgesinc.info)
- ENMRSH, Inc. (www.enmrsh.org)
- Mariposa Autism Service Center with Aprendamos (www.autismnm.com)
- Pacific Child and Family Associates (www.pacificchildandfamily.com)

If your child resides in an area where services are currently available (as indicated in the grid below), and your child meets entry criteria as determined by the CDD, your child will be placed on a waitlist for the area in which he/she lives.

If your child does *not* reside in a county where services are currently available, the CDD will place your child's name on an "Interested Parties" list, and you will be contacted should services become available in your area. To be placed on an "Interested Parties" list, you do not need to complete a full application.

BRIDGES	ENMRSH	MASC	PCFA
Bernalillo	Curry	Dona Ana	Bernalillo
Santa Fe	Roosevelt	--	Chavez
Sandoval	--	--	San Juan
Valencia	--	--	Sandoval
