I. PURPOSE

The purpose of this agreement is to facilitate a seamless system of transition for children and families as they move from early intervention services, birth to 3 years, into other programs and services. Strong interagency and family partnerships will ensure, promote and evaluate transition activities, approaches and methods. Through interagency understanding, cooperation, and collaboration, families will experience a high level of satisfaction with transition services.

II. OBJECTIVES

1. Assure that any children with suspected disabilities and children with or at risk for developmental delays are identified as early as possible and referred to the appropriate agency (ies) in Santa Fe County.
2. Assure that all children with disabilities and children with or at risk for developmental delays as defined by the Individuals with Disabilities Education Act (IDEA) and the Head Start Disability Services Performance Standards receive appropriate and necessary services without a disruption of services.
3. Maximize education, health and developmental outcomes for families whose children have special needs.
4. Support families to be equal, informed partners and informed decision makers in the education and transition process.
5. Provide for successful transitions between, among and within agencies.
6. Provide services that are culturally relevant, linguistically appropriate and family centered.
7. Create a process for stakeholders, including parents/guardians to review and evaluate the effectiveness of collaborative efforts related to this process.

III. WORKING PROCEDURES, TIMELINES AND RESPONSIBILITIES IN TRANSITION PROCESS
NMAC 7.30.8.13 TRANSITION (B) (1) 7.30.8.13 TRANSITION (B)(1) The FIT program shall provide notification to the public education department, special education bureau, of all potentially eligible children statewide who will be turning three years old in the following twelve month period. (2) The early intervention provider agency shall notify the LEA of all potentially eligible children residing in their district who will turn three years old in the following twelve month period. This will allow the LEA to conduct effective program planning.

(3) The notification from the early intervention provider agency to the LEA shall:
(a) include children who are potentially eligible for preschool special education services under the Individuals with Disabilities Education Act (IDEA) Part B; potentially eligible children are those children who are eligible under the developmental delay or established condition categories;
(b) include the child’s name, date of birth, and contact information for the parent(s);
(c) be provided at least quarterly in accordance with the process determined in the local transition agreement; and (d) be provided not fewer than 90 days before the third birthday of each child who is potentially eligible for IDEA Part B.

NMAC 6.31.2.11 (A) (5) (a) Each LEA shall survey Part C programs within its educational jurisdiction in its child find efforts to identify children who will be eligible to enter the LEA’s Part B preschool program in future years.

TRANSITION PLANNING

• Individualized steps and services added to IFSP

NMAC 7.30.8.13 (C)
(1) A transition plan shall be developed with the parent(s) for each eligible child and family that addresses supports and services after the child leaves the FIT program.
(2) The transition plan shall be included as part of the child’s IFSP and shall be updated, revised and added as needed.
(3) The following is the timeline for developing the transition plan:
   (a) at the child’s initial IFSP meeting, the transition plan shall be initiated and shall include documentation that the family service coordinator has informed the parent(s) regarding the timelines for their child’s transition;
   (b) by the time child is 24 months old, the transition plan will be updated to include documentation that the family service coordinator has informed the parent(s) of the early childhood transition options for their child and any plans to visit those settings; and
   (c) at least 90 days, and not more than nine months before the child’s third birthday, the transition plan shall be finalized at an annual IFSP or transition conference meeting that meets the attendance requirements of this rule.

6.31.2.11(A)(4)
Each public agency shall develop and implement appropriate policies and procedures to ensure a smooth and effective transition from Part C to Part B programs for preschool children with disabilities within the agency’s educational jurisdiction, in compliance with 34 CFR Sec. 300.124. Each LEA and other public agencies as appropriate shall make reasonable efforts to establish productive working relations with local Part C programs and when given reasonable notice shall participate in the transition planning conferences arranged by local Part C providers.

6.31.2.11(A)(5)
(b) Each LEA shall promote parent and family involvement in transition planning with Part C programs, community programs and related services providers at least six months before the child is eligible to enter the LEA’s Part B preschool program.
(c) Each LEA shall establish and implement procedures to support successful transitions including parent training, professional development for special educators and general educators, and student and parent self-advocacy training and education.
(d) Each LEA shall assist parents in becoming their child’s advocates as the child makes the transition through systems.
FIT PROVIDER

The Service Coordinator will initiate the Transition Plan with the family at the initial IFSP.

By 24 months of age:

The Service Coordinator shall ensure that the family is fully informed of the array of service and program options available including; home, childcare centers, schools or community-based settings, state supported schools and Part B services or Head start services, contingent upon eligibility.

LEA

- LEA will coordinate efforts with local early intervention providers to support parent and family involvement in the transition planning process.

- LEA will coordinate with early intervention providers to facilitate visits by families to classrooms and/or learn about services provided by the school district.

HEAD START

- Will participate in transition planning as deemed appropriate by the parents, Part C & Part B programs through the IFSP & IEP processes.

- Provide program information to agencies for distribution & education for parents and families

  - Coordinate with early intervention providers to facilitate visits by families to classrooms and/or learn about services provided.

  - Provide a comprehensive overview of the transition process and provide information on services to families, including Early Head Start/Head Start eligibility and enrollment information.

OTHER

New Mexico School for the Blind and Visually Impaired (NMSBVI) will:
Work together with other local FIT providers, Early Head Start, Head Start, and LEAs to best meet the needs of children who are visually impaired in the community and support attainment of outcomes and goals contained in the IFSP/IEP.

- Provide information to parents/guardians of children who are eligible to transition regarding options for services.

- Coordinate transition information/efforts with other service providers.

- Support each family in acquiring a comprehensive and current evaluation including ophthalmological prior to transition.

New Mexico School for the Deaf (NMSD) will:
Work together with other local FIT providers, Early Head Start, Head Start, and LEAs to best meet the needs of children who are deaf or hard of hearing in the community and support attainment of outcomes and goals contained in the IFSP/IEP.
- Provide a comprehensive overview of the transition process and provide information on services to families, including eligibility and enrollment information
- Support each family in acquiring a comprehensive and current evaluation including audiological prior to transition.

### REFERRAL TO LEA

- Referral form sent to LEA with parent consent

7.30.8.13 D (1)
A transition referral shall be submitted by the family service coordinator with parental consent, to the LEA at least 60 days prior to the transition conference. The transition referral shall include at a minimum the child’s name, the child’s date of birth, the child’s address of residence, and the contact information for the parent(s) including name(s), address (es), and phone number(s).

7.30.8.13 D (2)
For children who enter the FIT program less than 90 days before their third birthday, the family service coordinator shall submit a referral, with parental consent, as soon as possible to the LEA. This referral shall serve as the notification for the child. No further notification to the LEA shall be required for the child. (3) For children referred to the FIT program less than 45 days before the child’s third birthday, the family service coordinator shall submit a referral to the LEA, with parental consent, but the early intervention provider agency will not conduct an evaluation to determine eligibility in accordance with the referral and intake provisions of this rule.

7.30.8.7 K
“Consent” means informed written prior authorization by the parent(s) to participate in the early intervention system. The parent has been fully informed of all information relevant to the activity for which consent is sought in the parent’s native language and mode(s) of communication and agrees to the activity for which consent is sought. The parent(s) shall be informed that the granting of consent is voluntary and can be revoked at any time. The revocation of consent is not retroactive.

INITIAL COMPREHENSIVE EVALUATION FOR PART B
6.31.2.10

**E.** Procedural requirements for the assessment and evaluation of culturally and linguistically diverse children.

1. Each public agency must ensure that tests and other evaluation materials used to assess children are selected, provided and administered so as not to be discriminatory on a racial or cultural basis and are provided and administered in the child's native language or other mode of communication, such as American sign language, and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally and functionally, unless it is clearly not feasible to select, provide or administer pursuant to 34 CFR Sec. 300.304(c)(1).

2. Each public agency must ensure that selected assessments and measures are valid and reliable and are administered in accordance with instructions provided by the assessment producer and are administered by trained and knowledgeable personnel.

3. Each public agency must consider information about a child's language proficiency in determining how to conduct the evaluation of the child to prevent misidentification. A child may not be determined to be a child with a disability if the determinant factor for that eligibility determination is limited English proficiency. Comparing academic achievement results with grade level peers in the public agency with similar cultural and linguistic backgrounds should guide this determination process and ensure that the child is exhibiting the characteristics of a disability and not merely language difference in accordance with 34 CFR Sec. 300.306(b)(1).

4. Each public agency must ensure that the child is assessed in all areas related to the suspected disability.

5. Policies for public agency selection of assessment instruments include:
   (a) assessment and evaluation materials that are tailored to assess specific areas of educational need; and
   (b) assessments that are selected ensure that results accurately reflect the child's aptitude or achievement level.

6. Public agencies in New Mexico shall devote particular attention to the foregoing requirements in light of the state's cultural and linguistic diversity. Persons assessing culturally or linguistically diverse children shall consult appropriate professional standards to ensure that their evaluations are not discriminatory and should include appropriate references to such standards and concerns in their written reports.

6.31.2.11 (A) (3)

To ensure effective transitioning from IDEA Part C programs to IDEA Part B programs, each public agency must conduct a full and individual initial comprehensive evaluation at no cost to the parent and in compliance with requirements of 34 CFR Secs. 300.300, 300.301, 300.302, 300.304 and 300.305 and other department rules and standards before the initial provision of Part B special education and related services to a child with a disability. (a) The initial comprehensive evaluation process shall be conducted in all areas of suspected disability.
- Evaluations from the Part C agency must have been administered within six months in order to be considered valid for Part B eligibility consideration.

- The LEA will conduct the initial evaluation within 60 days of the Consent Form for Preschool Evaluation signed by the parent(s).

- The LEA will explain that the eligibility meeting can lead into the development of the individualized education program if the child is found eligible for Part B services. Or if the parent prefers, the IEP meeting can be scheduled on a separate date/time.

- The LEA will conduct the initial comprehensive evaluation in accordance with 34 CFR § 300.304 to include a variety of measures and sources, including functional, aptitude, and achievement tests, and parent input, as well as information about the child’s physical condition, social or cultural background.

- A group of qualified professionals from the LEA and the parent of the child must determine whether the child is a child with a disability in accordance with state and Federal regulations.
6.31.2.11(A)(5)(f)
Each LEA shall designate a team, including parents and qualified professionals, to review existing evaluation data for each child entering the LEA's preschool program in compliance with 34 CFR Sec. 300.305 and, based on that review, identify what additional data, if any, are needed to determine the child's eligibility for Part B services or develop an appropriate program.

6.31.2.10
F. Eligibility determinations.
   (1) General rules regarding eligibility determinations
       (a) Upon completing the administration of tests and other evaluation materials, a group of qualified professionals and the parent of the child must determine whether the child is a child with a disability, as defined in 34 CFR Sec. 300.8 and Paragraph (2) of Subsection B of 6.31.2.7 NMAC. The determination shall be made in compliance with all applicable requirements of 34 CFR Sec. 300.306.
       (b) The public agency must provide a copy of the evaluation report and the documentation of determination of eligibility to the parent.

6.31.2.7(B)(2) "Child with a disability"
means a child who meets all requirements of 34 CFR Sec. 300.8 and who:
(a) is aged 3 through 21 or will turn 3 at any time during the school year;
(b) has been evaluated in accordance with 34 CFR Secs. 300.304-300.311 and any additional requirements of these or other public education department rules and standards and as having one or more of the disabilities specified in 34 CFR Sec. 300.8 including intellectual disability; a hearing impairment including deafness; a speech or language impairment; a visual impairment including blindness; emotional disturbance; orthopedic impairment; autism; traumatic brain injury and other health impairment; a specific learning disability; deaf-blindness; or being developmentally delayed as defined in 6.31.2.7(B)(4) NMAC and who has not received
high school diploma; and

(c) at the discretion of each local educational agency and subject to the additional requirements of Subsection 2 of Paragraph F of 6.31.2.10 NMAC, the term “child with a disability” may include a child aged 3 through 9 who is evaluated as being developmentally delayed and who, because of that condition, needs special education and related services.

(6.31.2.7(B) (19) NMAC
as authorized by 34 CFR §§ 300.8 and 300.39, "special education" in New Mexico may include speech-language pathology services.)
