With Special Healthcare Needs and Disabilities**

The Grief Support Group for Parents Who Have Lost Children With Special Healthcare Needs and Disabilities is a peer-led support group for parents at any stage of grief after the passing of their child. Our meetings are facilitated by parents who have lost a child. The mission of this group is to provide a safe place for parents to share and talk about their loss with other parents who have experienced a similar loss and to encourage parents as they move forward in life after the passing of their child.

Meetings are held the Second Thursday of each Month

6:30 pm – 8:00 pm
